Education

Indian Institute of Information Technology, Nagpur   **Aug 2019 – Jun 2023**

Bachelor of Technology in Electronics and Communication Engineering   *Nagpur, India*

Technical Skills

Frameworks/Tools: ReactJS, NodeJS, ExpressJS, MongoDB, Firebase, Redux, Tailwind CSS, Git/GitHub

Languages: C++, Python, Java, HTML/CSS, JavaScript

Experience

EDUREKA

Full Stack Web Development Internship

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and React.
- Enhanced front-end components with Tailwind CSS to ensure consistent and modern UI designs.
- Implemented and debugged complex JavaScript functionality to improve site interactivity and performance.
- Utilized React hooks and Context API to manage state and streamline data flow across components.

Projects

CodeBook | React, Tailwind CSS

- Developed a responsive online coding resource platform using React and Tailwind CSS, with a clean and user-friendly interface optimized for both desktop and mobile devices.
- Utilized React's context API to manage state globally, enabling efficient data flow, component interaction and seamless UX.
- Leveraged React Router for smooth navigation and dynamic rendering of content, enhancing user experience.

Cinemate | React, Tailwind CSS

- Developed a dynamic movie browsing application in React, allowing users to search, explore, and view detailed information on movies.
- Integrated a movie database API to provide real-time data, including movie details, ratings, genres, and images.
- Designed an intuitive and responsive UI using Tailwind CSS, ensuring seamless usability across desktops, tablets, and mobile devices.

E-Commerce Website | React, Tailwind CSS

- Developed an e-commerce platform using React, allowing users to browse, search, and purchase products seamlessly.
- Integrated product filtering and sorting functionality, enabling users to refine search results based on categories, price, and popularity.
